WATERFRONT GUESTROOMS

Over-the-water guestrooms with private balconies mean an undisturbed late day wind down, as well as a fully refreshed next day start. Relaxation is instant and lasting with cozy bathrobes, dream inspiring beds, refreshing bath amenities from Cutler Salon in NYC and gourmet coffee and tea.

TEAM BUILDING

Evenings on the waterfront brim with vibrant energy, so between meetings, find refreshment and motivation outdoors. Sample seasonal fare at River Market, explore a craft brewery or take a relaxing riverboat tour. Try your luck at the Hard Rock or Starlight Casinos, or join the circus for a day, at the Vancouver Circus School.

FITNESS

No need to interrupt your fitness flow while away. Treadmills and invigorating views will both set your heart aflutter. Walk or run the boardwalk for a top-up on mental clarity, then soothe your soul with a restorative whirlpool or sauna.

THE BOATHOUSE RESTAURANT

New ideas surface from conversations shared while dining on fresh, locally caught seafood paired with BC wines at The Boathouse. Dine alfresco on the seasonal riverfront patio, eat inside at an elegantly appointed table or give yourself permission to order room service often.

LOCATION

Quick commutes to a variety of municipalities and key business parks make the Inn At The Quay the perfect retreat within the city. The Vancouver International Airport, US Border and BC Ferry terminals are within an easy 30-minute drive. Take the scenic Skytrain as an alternative mode of transportation, only 25 minutes from downtown Vancouver.
